TECHNOLOGY SOLUTIONS
FOR THE MORTGAGE INDUSTRY

WANT SPEED & EFFICIENCY?

Want to gauge loan progress at a glance?

Want to see what's completed & what's still outstanding on the loan?

Want to know how many conditions have been cleared & how many are still open?

Want to know how many items are still remaining for the Processor to complete?

Want to know all these key data points, before entering the loan?

The Ignite Metric Panel delivers crucial loan data statistics to the end user with a visualization of key loan metrics immediately upon entering the loan.
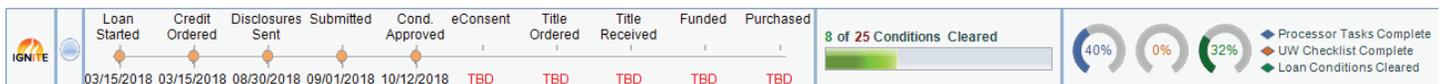

TIMELINE TRACKER:

Identifies key dates of completed & open items within the loan file. Fully configurable to include any of the most important dates that you want to track on a loan.

LOAN PROGRESS BAR:

Calculates the number of open conditions vs. the number of cleared conditions & presents the total cleared to the user.

LOAN-O-METER:

Identifies key items respective to Processor & UW as they are completed. Allows for user to determine how soon a loan can close based on the percentage of open items remaining to either Processor or UW.
